EXPERIENCE

JAN 2025 – CURRENT

DataAnnotation

Mathematics Consultant

- Trained various AI models in mathematical problem-solving.
- Improved annotation processes via patterns and trends in prompts.
- Accurate annotation according to predefined specifications.
- High-quality labeling for machine learning and data analysis.

JUN 2022 – FEB 2025

Wyzant

Pure and Applied Mathematics Tutor

- Guidance through test preparation, homework, projects.
- Differential equations, calculus, discrete math, abstract algebra.
- Real & complex analysis, algebraic & differential topology.

JUN 2022 – SEP 2022

Boston University

Mathematics Department Office Assistant

- Coordinated office activities and operations.
- Filed course transfers, grade changes.
- Managed phone calls and correspondence (letters, packages).

JUN 2021 – SEP 2021

MGH: Vaccine and Immunotherapy Center

Undergraduate Research Assistant

- Independent data analysis on auxiliary branch of main lab group.
- Created novel data collection algorithm for imaging of samples.
- Collated sample data and results; presented results to lab group.

PROJECTS AND PUBLICATIONS

MAY 2024

Hopf Algebras and Hopf-Galois Theory

Bachelor's thesis; a generalization of Galois theory to the case of finite separable extensions of fields.

FEB 2024

Group Extensions and $H^2(G, A)$

Paper detailing connection between group cohomology and the group extension problem.

SEP 2020

Principles of Organic Chemistry, Vol. I

Authored and published textbook covering topics pertaining to first semester organic chemistry course.

EDUCATION

2024 – 2024

Master of Arts

GPA: 4.00

Pure and Applied Mathematics
Boston University

2021 – 2024

Bachelor of Arts

GPA: 3.96

Pure and Applied Mathematics
Boston University

HONORS AND AWARDS

College Prize for Excellence in Mathematics

Awarded to the graduating student with the strongest academic record.

Boston University

Honors in Mathematics

Awarded for the successful completion and defense of a bachelors thesis.

Boston University

Student Commencement Speaker

Awarded opportunity to be student speaker for math department commencement

Boston University

Summa Cum Laude

Boston University

SKILLS

SOFTWARE

Python, L^AT_EX, R, SQL, Excel

WRITING

Concise, organized reports, competency in data presentation

LANGUAGE

English, Basic Mandarin

LICENSES

SIE, Series 65, State Life & Health

ACTIVITIES

President of Math Club

In the fall of 2022 I created the math club at Boston University, presiding over the club until my graduation. In direct communication with professors and the department, I organized weekly meetings, competitions, social events, and more.
